

ATK Building Contractors are a small family run general building contracting company, with almost 30 years in the building trade.

Serving North Wicklow and South Dublin areas, ATK Building Contractors specialises in a wide range of building services from renovations & extensions, to attic conversions, kitchens, bathrooms and even complete house builds.

We differentiate ourselves from other general building contractors by the high level of service we provide our customers. At ATK Building Contractors we work closely with our customers, from the very beginning to the end of a project. We work with our customers and help them realise their ideas, from concept to completion.

ATK building contractors keep tight control over quality, and only employ the highest skilled trades people. This ensures that your project will be completed to the highest of standards.

All our staff are fully insured.

ATK Building Contractors are [homebond](#) , [RECI](#) and [SEI](#) registered.
